

## Metal Cutting Products

### Mitsubishi Wire EDM Machines

On the leading edge of technology, Mitsubishi wire EDMs are the only machines in the industry that feature the Anti-Electrolysis (AE) Power Supply (patented by Mitsubishi). AE power greatly reduces corrosion, rust, recast layer and edge softening.

MV-S ADVANCE SERIES      MD+PRO III  
MV-R ADVANCE PLUS SERIES      BA24  
NA ADVANCE SERIES  
FA-V SERIES (LARGE MACHINES)

### Mitsubishi Sinker EDM Machines

Mitsubishi's sinker EDMs offer an exclusive Fuzzy Logic Control System which emulates an experienced operator and allows a "beginner" to achieve accuracy and efficiency automatically.

EA SERIES  
GANTRY EAGLE SERIES  
EA-V ADVANCE SERIES

### General Milling and Graphite/Hard Milling Machines

MC Machinery Systems, Inc. is now the sales & support force for a complete line of general purpose mills and the High-Speed Roku-Roku machines.

**ROKU-ROKU**  
SINCE 1963  
MC Machinery Systems, Inc.

### Waterjet Machines

SUPREMA (4-AXIS W/ TILT-HEAD)  
DX44 (4 x 4 ft.)  
DX510 (5 x 10 ft.)  
DX612 (6 x 12 ft.)

MWX3-612  
(New 3-Axis Design)

**Larger DX  
Sizes Available!**

### EDM Hole Drill

ED-2000M2  
(MANUAL)

Low energy consumption-type generator provides high-speed operation with low wear. This unique power supply allows stable machining at the break through point reducing over all time while providing superior hole quality.

ED-2500M  
(Motorized Z-Axis)

## Encore Re-Conditioned Machines

Encore EDM offers an exclusive Certification Program guaranteeing that every machine leaving the showroom meets or exceeds the rigorous testing standards that they have established. The Encore EDM staff uses a 50-point check list which includes mechanical alignments, power supply adjustments, benchmark machining tests, machining speed tests, lubrication, and a thorough inspection of the dielectric systems.

## Innovate Consumable Products Group

The Consumable Products Group provides leading consumable products for the efficient operation of wire and sinker electrical discharge machines. CPG has taken steps to meet the needs of their customers. New personnel have been added, a new product catalog has been developed, a new 800 number has been incorporated, and a new, dedicated E-mail address is now making the order process faster and easier.

### Innovate CPG Products

- VAN-TG Wire
- Ultrasonic Cleaners
- Power Feed Contacts
- EDM Oils
- OKI Wire
- Conversion Kits
- Diamond Guide
- CPG Wires
- Flush Cups
- Resin Recycling
- Filters
- Brass and Copper Tubes
- Graphite

**Drill Mate DM20, Manual EDM Drill**  
16" x 12" X, Y Travels  
28" x 18.5" Work Tank  
13.75" Max Work Piece Height  
Starting Under \$20K

**Drill Mate 430i, CNC EDM Drill**  
21" x 12" X, Y Travels  
27.25" x 19.25" Work Tank  
22 Position Tool Changer  
Guide Changer  
Under \$100K

**Most Trusted, Reliable,  
Long Lasting, Dependable,  
Accurate Grinder on the Market!!**
